

## **ODSA Sponsorship Policies**

The ODSA aims to promote squash in the Ottawa area. To do this it will use its available finances to subsidize various squash activities. (This support is based on a positive financial situation of the ODSA. Should the ODSA's financial situation deteriorate, sponsorship activities would be suspended. The ODSA will not practice deficit financing.) The list below details sponsorship activities that the ODSA will support.

### **ODSA Support to Ottawa Area Open Tourneys**

- The ODSA will sponsor Open Squash Tourneys.
- For an open tourney with 16 or more entrants, ODSA will provide \$50 in sponsorship.
- For an open tourney with 32 or more entrants, ODSA will provide \$100 in sponsorship.
- For an open tourney with 48 or more entrants, ODSA will provide \$150 in sponsorship.
- For an open tourney with 64 or more entrants, ODSA will provide \$200 in sponsorship.
- In all cases, the tourney is to be promoted via the ODSA communications network. (examples: ODSA web site, ODSA email lists)

### **Student Subsidies at Ottawa Area Open Tourneys**

- A student is defined as someone under the age of 26 years, who is a full time student.
- The ODSA will provide a \$5 subsidy for students participating in open tourneys as long as the discounted price, showing a difference of \$5 between an adult price and a student price, is displayed on the tourney advertizing flyers. (subsidy to go to tournament organizing committee/director)
- The ODSA will provide an additional \$5 subsidy if the tournament matches the second ODSA \$5. (This would give students a total of \$15 in direct subsidies.) The discounted price, showing a difference of \$15 between an adult price and a student price, would need to be displayed on the tourney advertizing flyers. (subsidy to go to tournament organizing committee/director)
- To obtain the subsidy, a listing of participating students indicating their name, age, name of school and home club or city is to be submitted to the ODSA.

### **Subsidies for Ottawa Area Student Referees**

- A student is defined as someone under the age of 26 years, who is a full time student.
- The ODSA will offer a \$20 subsidy to a student taking and passing a certification officiating clinic and becoming a Squash Canada Certified Official.
